Creative Director with a **single-industry focus in sports** — building visual identities and campaigns for federations, leagues, and international competitions since 2019. Production system built around **AI-augmented workflows** that allow small creative teams to produce at the volume and speed of large ones. Sports is not a vertical I entered. It is the only one I have worked in.

EXPERIENCE

Head of Studio

2023 — PRESENT

SPORTA.DIGITAL · ISRAEL · REMOTE

- Produced **500+ digital assets** annually across social, web, and campaign channels for major sports leagues and federations
- Introduced AI-powered design workflow — **10× content output** without growing headcount
- Lead creative direction for **La Liga Israel, Israel Football Association, and Israel Paralympic Committee**
- Manage studio operations, project pipelines, and delivery across **distributed teams across Israel–Asia time zones** — fully remote since 2023
- Mentor and lead designers and creators to maintain high creative standards at production scale

Art Director & Social Media Manager

2019 — 2023

FUNATIX CLUB · ISRAEL

- Directed **visual identity and digital content** for marketing campaigns across social and web platforms
- Developed cohesive visual storytelling systems across multiple digital platforms, aligning creative output with audience behavior
- Implemented UI/UX standards for digital products and marketing assets

Creative Director & Founder

2019 — 2022

BFAIN.STUDIO · INDEPENDENT

- Comprehensive design services — **branding, motion, and digital development** for sports and commercial clients
- Managed client contracts, licensing agreements, and project scope using legal background from concurrent LL.B studies — no external legal support needed

SELECTED WORK

01 La Liga Israel

BRAND LOCALIZATION · FAN ENGAGEMENT

+2,305% follower growth. +1,138% likes per post. Full-season content system built to make La Liga feel genuinely Israeli while holding global brand standards.

02 Israel Football Association

FEDERATION IDENTITY · BRAND SYSTEM

Unified three national competitions under one federation identity without erasing each competition's character — a brand architecture built to outlast any individual campaign.

03 Special Olympics Israel

ORIGINAL IDENTITY · EMOTIONAL BRANDING

4,000+ athletes. First original identity. Built from scratch — not a licensed global template. Designed around athletic pride, not disability. Client called it transformative.

04 AI-Augmented Creative Production

AI WORKFLOW · PRODUCTION SYSTEM

End-to-end AI production system — prompting logic, quality gates, brand compliance checks — tripling content volume in four months without adding headcount.
